12:39 - **Jan Wells @janwells**
Hello Paula

12:42 - **Tracy 1**

12:49 - **Jan Wells @janwells**
Hi Tracy

12:51 - **InfoMeister**
Neat toos.

13:27 - **@plnaugle(Paula Naugle)**

I earned a premium version from them for helping them learn how to use Edmodo.

14:10 - **kimtaz**

Hi Paula!

14:18 - **kimtaz**

Peggy is such a go-getter!

14:34 - **Carolyn Stanley**

That is sooo cool. I think that is how Meg Wilson got a lot of her apps for the iPad for free - by promising to review and promote them.

14:51 - **Tracy 1**

zoo burst is so cool!!

14:56 - **lindamac65**

LOVE Zoo Burst!!

14:57 - **Rae**

Is this for all grade levels?

14:59 - **Donna Baker**

I love zooburst!

15:02 - **@plnaugle(Paula Naugle)**

They are getting into social media and if you connect with them and start a discussion they will probably offer you a premium version.

15:08 - **lindamac65**

Great for creating books for the "i.titles"

15:12 - **Peggy George**

<http://www.zooburst.com>

16:10 - **@plnaugle(Paula Naugle)**

@kimtaz Hi. Glad to be here to learn abt new things.

16:16 - **Tracy 1**

I may try this with level 1 FL next year

16:41 - **Donna Baker**

Tracy 1, I teach French and this worked really well in French 1.

16:49 - **lindamac65**

Also recommend StoryJumper and Bookemon

16:54 - **Tracy 1**

yay!! another French teacher!!!

16:57 - **kimtaz**

zooburst is a favorite of mine as well

17:38 - **Donna Baker**

I'd be happy to share a rubric if you'd like.

17:57 - **Tracy 1**

that would be great! tbrady@esmschools.org

18:05 - **Carolyn Stanley**

This is what summer is for - time to try out these tools.

18:44 - **Donna Baker**
I am having trouble with mic.

19:10 - **staffdevjnk Sue Levine 1**
I just looked at the Lost Duck sample. I really like this program!

19:10 - **Donna Baker**
I'll try it again.

19:32 - **@plnaugle(Paula Naugle)**
I'm thinking

19:35 - **Peggy George**
It's so great to have all of you with us!!!

19:57 - **Peggy George**

20:54 - **Peggy George**
that's great to know!

20:56 - **Gene Carboni**
good for parent contact

20:57 - **Carolyn Stanley**
I'd like to hear about it. I use a lot of Google products but not voice,

21:12 - **Vicky Sedgwick @visionsbyvicky**
Just had a student send me a recording using it b/c she was out sick.

21:27 - **Peggy George**
that's so exciting Vicky!

22:01 - **kimtaz**
cell phones...love it!

22:06 - **staffdevjnk Sue Levine 1**
wow, I like what i hear

22:15 - **Gene Carboni**
that is the best feature

22:25 - **Carolyn Stanley**
So - when are they calling you?

22:27 - **Gene Carboni**
your real # is masked

22:27 - **Peggy George**

that is such a great way to use Google Voice!

22:29 - **Donna Baker**

I like that they can call. Students LOVE to use their phones and feel like they're breaking the rules.

22:36 - **staffdevjinkie Sue Levine 1**

so can they do this for book reviews then?

22:38 - **Peggy George**

:-)

22:44 - **staffdevjinkie Sue Levine 1**

And then can you take the sound recording and upload it?

22:49 - **kimtaz**

what age students do you work with?

23:06 - **staffdevjinkie Sue Levine 1**

ha ha ha

23:09 - **Vicky Sedgwick @visionsbyvicky**

Their MP3s so you can download them to your computer & then do whatever you want with them.

23:14 - **Beth Fant**

dropbox.com - put all your documents in one place that you can access anytime - sort of like diigo or delicious for websites.

23:23 - **Vicky Sedgwick @visionsbyvicky**

Make that they're MP3s ...

23:28 - **Peggy George**

this is the Livebinder for tonight's links <http://livebinders.com/edit?id=51493>

23:29 - **staffdevjinkie Sue Levine 1**

good mp3. dropbox blocked at school though

23:40 - **Peggy George**

I'll add all of your links after the show :-)

23:40 - **Carolyn Stanley**

Can you explain the procedure of how they call you - I assume you can only receive one call at a time.

23:46 - **Gene Carboni**

Dropbox.com and dropitto.me a good combination

23:52 - **Beth Fant**

I like Voki

23:58 - **kimtaz**

I think we need an entire show about this!

23:58 - **Donna Baker**

Voki also awesome!

24:04 - **kimtaz**

love voki...

24:17 - **@plnaugle(Paula Naugle)**

Could use audioboo to record their French message and send it to teacher as an email.

24:17 - **staffdevjinkie Sue Levine 1**

I do have a google voice acct! I just need to something with it!

24:27 - **Peggy George**

my translations were a hoot!!! :-)

24:32 - **staffdevjinkie Sue Levine 1**

very nice!

24:34 - **Carolyn Stanley**

May I add to this discussion?

24:42 - **Peggy George**

we definitely need another session on this!

24:43 - **Vicky Sedgwick @visionsbyvicky**

The translations are pretty funny - even in English.

24:47 - **Peggy George**

absolutely Carolyn!

25:10 - **Urvi**

that's so great for the audio learners!

25:28 - **Gene Carboni**

Screencast instead of in class live presentations were good this year.

25:29 - **Urvi**

too bad it's not available in Canada yet!

25:34 - **Donna Baker**

Super!

25:36 - **Tracy 1**

so sad!

25:48 - **staffdevjinkie Sue Levine 1**

Canada is always left out, poor Canada

25:55 - **Tracy 1**

screencasts are great -- students feel like they can edit more

26:21 - **Peggy George**

I get so excited when I hear all of the creative ways you are using these tools!!! :-)

26:26 - **Larry A**

You can post a teacher speaking language phrases, post them online and have a recorder app so students listen to the teacher or a good language speaker, record their own voice, play it back and see how close they come to pronunciation - learn language by learning phrases this way - practice at home - they can access them anytime

26:27 - **Gene Carboni**

Yes @Tracy they can fine tune it before they upload

26:30 - **Tracy 1**

we're lucky -- we get subs for our speaking tests

26:33 - **Donna Baker**

Try to use aviary, audioboo or audacity.

26:41 - **kimtaz**
voicethread, another incredible tool!

26:51 - **Peggy George**
Voicethread is such an awesome tool for audio and visual sharing!!

27:04 - **Peggy George**

27:14 - **Tracy 1**

27:20 - **Peggy George**
audacity is free for all too :-)

27:22 - **@plnaugle(Paula Naugle)**
Make video of kid speaking foreign language upload to YouTube and then add captions.
They are then practicing speaking and writing.

27:22 - **Urvi**

27:45 - **Peggy George**

27:50 - **Tracy 1**
